The Artist Teacher Associates: what's happening!

The Artist Teacher Associates – what's happening!

Congratulations to all who attended the recent event at the Bluecoat Gallery and The Whitworth.

Thanks to Imogen from Curious Minds for her insights into ArtsMark, and Rashmi from Specialists Crafts who presented free boxes of art materials to all members at the Bluecoat event. The print workshop event with Fran Disley was a great success and as a result 8 ATA members are attending a two day course for free.

Alan Birch gave a very engaging illustrated talk about his practice and work with schools at The Whitworth gallery in January followed by a very special viewing of prints from the archive including original examples by Hogarth, Hockney, Kollwitz and Munch. Many thanks to Helen Stalker and Denise Bowler from The Whitworth for all their support. At the end of the meeting we all joined the private view for the Tibor Reich exhibition which is well worth a visit if you have not already been!

Look out for Ellie Barrett's fortnightly newsletters which started this month with lots of ideas about things to do between meetings. We hope you have fun with instagram following her next posting. We look forward to seeing your experiments at your next meeting!

Dates for your diary:

1. Our annual 2016 symposium will take place on Saturday 11th June at the Atkinson Gallery in Southport. The programme events and speakers will be announced soon.
2. The Summer School event at The Whitworth will take place 22nd-24th July 2016 so save this date in your diary. More details will follow in our next issue.

Remember to **book your place with eventbrite for February events now!** Don't forget to tell your friends and colleagues. Everyone is welcome to join [here!](#)

ATA Workshop with Curator Ellie Barrett and Artist Jack Welsh

The ATA event at the Bluecoat offers an exciting event with with curator Ellie Barrett and artist Jack Welsh. Jack will be leading a workshop where he will demonstrate methods and processes that related to his own practice. Jack will focus on how to make a digital collage from 2D works or found images; members can come to the session to learn a new skill that they can take both to the studio and the classroom. This will be a great opportunity to hear an artist speak about their work and to try something new too.

Future Liverpool Events:
