

Scatter plot showing the relationship between 'Lost Staff as Percentage of Average Numbers' (X-axis) and 'New Staff as Percentage of Average Numbers' (Y-axis). The plot includes a diagonal line representing the 1:1 ratio. Data points are categorized by faculty type and division, as indicated by the legend. Most data points fall below the diagonal line, suggesting that new staff percentages are generally lower than lost staff percentages. The University Grand Total is represented by a square symbol at approximately (10, 7).

Category	Lost Staff (%)	New Staff (%)
